Project Title: Ellen Degeneres Website

To build this website, I plan on creating multiple pages dedicated to telling Ellen's story from past to present. A navigation bar, either on the side or the top of the page, will be used to travel from page to page. I hope that the design is engaging and fun to reflect Ellen's positivity and admired sense of humor.

- **Home Page/Introduction:** very basic and brief information that intrigues viewers to click on the next page, maybe a compelling quote, image, or a joke to set the comedic tone?
- **Early Life/Background/Rise to Fame:** discussion of Ellen's early life/experiences, and how it shaped her future career.
- **TV Career:** discussion of her talk show and its influence
- **Humanitarianism/Social Activism**
- **Sources:** this page will list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
